Basic Rules

As Chibi-Robo, your goal is to revitalize a polluted and run-down park. You do this by raising flowers, building park equipment with the help of your friends **p.19**, and defeating nasty Smoglings **p.18**.

Happy Points

Collect Happy Points by doing things like sprouting new flower buds, doing favors for friends, and performing other good deeds. Happy Points are then converted to watts **p.15** in the Chibi-House, which Chibi-Robo uses to power himself.

Watts

The amount of watts Chibi-Robo uses depends on his activity. When his battery gets low, his color and the sound he makes when walking both change. Return to the Chibi-House when this happens and recharge by plugging into the outlet **p.15**. If Chibi's battery drains completely, he will lose some Happy Points and return to the Chibi-House.

Low Battery

This icon will appear when Chibi is low on watts.

A Day in the Life of Chibi-Robo

Outside the Chibi-House, time passes from morning to afternoon to evening to night. Chibi's day ends at night, and at that time he'll automatically return to his house.

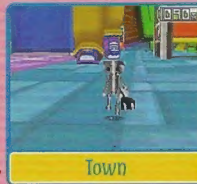

Chibi-House

This is Chibi's home, and each day starts and ends here. He can recharge and use his Chibi-PC here **p.16**.

Park

This is Chibi's office, where he defeats noxious Smoglings, builds park equipment, and raises flowers and other plant life.

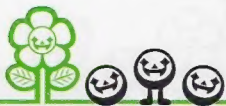

Town

Chibi can pick up items in town, as well as befriend toys he meets there. He can also trade flowers for Happy Points at the local flower shop.

▶ Park Projects

Once you obtain the proper cartridges, you can access Park Projects from the Chibi-PC to customize your park with paths, trees, streams, and play equipment. After choosing which project you'd like to undertake, ask your friends **p.19** to help you in exchange for some watts.

▶ Chibi-Gear

Use your watts to buy items. Choose the item and tap OK.

▶ Forecast (Smogling Forecast)

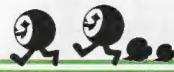

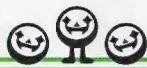

Check your daily weather here. If Smoglings are predicted, this section will change to the Smogling Forecast.

▶ Stickers

Completing parts of the game earns you stickers. Check out your sticker collection here.

Flowers, Flowers, Flowers!

Once you fill a square of land with flowers, it changes from a patch of dirt to a lush, grassy field. Increase the number of green fields by planting flowers everywhere. Also, once an area is filled with flowers, the buds you water there become Happy Points **p.13**.

Raising Flowers

Water buds with your Squirter to make them bloom. Once that happens, a Flower Combo Timer will appear on the top screen. If you can make another bud bloom within the allotted time, you will complete a Flower Combo. The more Flower Combos you complete, the more Happy Points you will earn.

Combo

Sprouting Buds

If you dance well next to a white flower, it will change colors and release seeds. These seeds scatter across the park and become buds that earn you Happy Points.

When Smoglings Attack

As the game progresses, Smoglings will appear in the park from holes in the ground. If you don't destroy them immediately, they will turn your flowers black, and black flowers die at night. Check the Smogling Forecast **p.16** to see when they are scheduled to appear.

Defeating Smoglings

Spray Smoglings with your Squirter or squish them with a Chibi-Ride to defeat them. Defeated Smoglings sprout flower seeds and spray water around them.

If you give Smoglings candy canes and other treats, they will transform into a variety of things.

Smogling Alert

This icon will display when Smoglings are destroying your flowers.

About Chibi-Rides

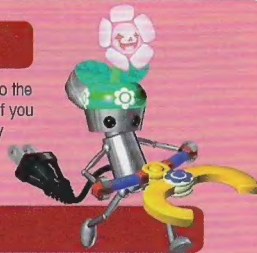

When you obtain a Chibi-Ride, you can take it out whenever you want by tapping the icon displayed on the Touch Screen, then tapping the vehicle you want. You operate each Chibi-Ride in different ways.

Give Flowers

Use your Clippers to snip flowers in your park, then take them to the flower shop in town to exchange them for Happy Points. Also, if you happen to have the flower of the day, you will earn more Happy Points than for other flowers.

Check Things Out

When  appears while you're standing in front of a garbage bag or cardboard box in town, tap the Touch Screen to see what pops out.

Make Friends

Meet toys in town and befriend them by recharging them. Once they are your friends, you can ask them to help you with your Park Projects **p.16**. Listen carefully to the requests of toys you meet.
